TYLER TECHNOLOGIES
MAINEAPP
CHALLENGE

WELCOME BACK!

The purpose of Tyler Technologies' Maine App Challenge is to provide middle and high school students in our state access to STEM-related programs and encourage them to pursue college degrees in science, technology, engineering, and math for rewarding careers in Maine.

1 $10,000 IN SCHOLARSHIPS

2 EXTENDED-LEARNING OPPORTUNITY

3 EARN COLLEGE CREDIT

WORKFORCE READINESS
Students obtain workforce readiness skills through practical application of basic coding skills.

PRE-PACKAGED LEARNING
The Maine App Challenge is a pre-packaged, extended-learning opportunity. Our talented development professionals are here to help your students succeed in the Challenge. Sign up for a classroom visit today!

PATHWAYS TO CAREERS
Learn how the Maine App Challenge and the University of Maine are playing a role in shaping the future of Maine's STEM workforce.
